

Spray & Gel Pumps

- Spray and Gel Pumps in ribbed finish with a clear PP overcap.
- Made to order (min 10,000) in natural, white or black. Colours available to order (min 25,000).
- Spray Pumps for hairspray, body spray, sunscreen, insect repellent, mist sprays, oil sprays, veterinary, antibacterial spray or cleaning agents.
- Gel Pumps for high viscosity creams, gels, lotions, toiletries, pharmaceuticals, hair care, serums etc. Ideal for alcohol gels for hand sanitising.
- Larger doses available in both pump types (increases overall height of pump) and upside down versions of the spray pumps are also available.
- Contact our sales team for details and different colour combination options.
